### **Four Horses Rescued From Beaverhead Blaze**

(Phoenix, AZ) -- Four horses within a half mile of the Beaverhead blaze are safe today, thanks to an Arizona Department of Agriculture inspector. The owner of the animals called the Apache County Sheriff's Office, who in turn contacted the ADA to help evacuate the four adult horses.

The inspector then took his truck, attached a trailer and hauled the animals to a neighboring ranch, Beavercreek Guest Ranch, about five miles west of the flames to ensure they were not in the path of the fire.

The horses are in good health and did not suffer any smoke inhalation or other harm from the fire.
